Welcome to SPOKES!

Dear SPOKES Student,

First and foremost, welcome! I'm glad you're here, and I'd like you to take a moment to reflect on why you've joined us. Over the next ten weeks, we'll be working together as partners to help you achieve your goals.

Partners—what does that mean exactly? The dictionary defines a partner as “one associated with another, especially in action.” In this partnership, we'll be working together with a shared focus on you—developing your workplace skills and preparing you for the job market.

The **SPOKES** program stands for *Strategic Planning in Occupational Knowledge for Employment and Success*. What this means is that SPOKES is designed to help you gain the knowledge and skills you need to succeed in the workplace. We'll be focusing on everything from basic job skills to more specific training that will help you be ready for employment. The goal is to make sure you're prepared and confident to step into the workforce and succeed in your chosen path.

I'm here to support you every step of the way. If there's something I can't assist you with directly, I'll do my best to connect you with someone who can.

In return, I ask that you commit to yourself during these ten weeks. Use this time to discover new skills and give yourself the opportunity to grow. Treat your time at SPOKES as if you're on the job—show up on time, dress appropriately, and bring a positive attitude. If you have any negativity, leave it at the door. SPOKES is a place for opening doors, not dreading them.

Remember, you hold the power to change your future. You're worth the effort! So, let's work hard, enjoy the process, and get started on this journey together!

Sincerely,

Britt Legg
SPOKES Instructor
