

Instructions for Completing the ECP

The *ECP* is a “living document” to assist the student with thoughtfully planning an education or career plan. As such, the one-page WVAdultEd *ECP* form should be introduced early in the enrollment period with adult education and SPOKES students. Students should be guided, at a minimum, to complete the “How You See Yourself” and “Career Choice” sections (*first two columns on the one-page ECP form*) within the first 12 hours for all students. Progress at this point may be documented in LACES (Started ECP – Education and Career Plan prior to the 12th hour). In addition to the one-page *ECP* form, instructors will assist and facilitate students in utilizing the [CareerOneStop](#) site to complete the “Learn About Yourself” section as the next step in the *ECP* process.
