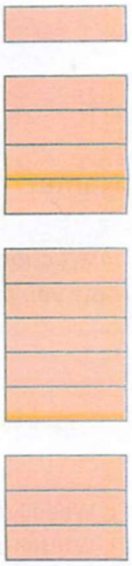
Name: **Date:**

Instructions: Read each statement carefully and decide which of the four responses agrees with how you feel about the statement.

Enter on a scale of 1 (Least Like Me) to 4 (Most Like Me).

Answers can be 1, 2, 3 or 4

1. When I make things for my studies, I remember what I have learned better.
2. Written assignments are easy for me.
3. I learn better if someone reads a book to me than if I read silently to myself.
4. I learn best when I study alone.
5. Having assignment directions written on the board makes them easier to understand.
6. It's harder for me to do a written assignment than an oral one.
7. When I do math problems in my head, I say the numbers to myself.
8. If I need help in the subject, I will ask a classmate for help.
9. I understand a math problem that is written down better than one I hear.
10. I don't mind doing written assignments.
11. I remember things I hear better than I read.
12. I remember more of what I learn if I learn it when I am alone.
13. I would rather read a story than listen to it read.
14. I feel like I talk smarter than I write.
15. If someone tells me three numbers to add I can usually get the right answer without writing them down.
16. I like to work in a group because I learn from the others in the group.
17. Written math problems are easier for me to do than oral ones.
18. Writing a spelling word several times helps me remember it better.
19. I find it easier to remember what I have heard than what I have read.
20. It is more fun to learn with classmates at first, but it is hard to study with them.
21. I like written directions better than spoken ones.
22. If homework were oral, I would do it all.
23. When I hear a phone number, I can remember it without writing it down.
24. I get more work done when I work with someone.
25. Seeing a number makes more sense to me than hearing a number.
26. I like to do things like simple repairs or crafts with my hands.
27. The things I write on paper sound better than when I say them.
28. I study best when no one is around to talk or listen to.
29. I would rather read things in a book than have the teacher tell me about them.
30. Speaking is a better way than writing if you want someone to understand it better.
31. When I have a written math problem to do, I say it to myself to understand it better.
32. I can learn more about a subject if I am with a small group of students.


33. Seeing the price of something written down is easier for me to understand than having someone tell me the price.
34. I like to make things with my hands.
35. I like tests that call for sentence completion or written answers.
36. I understand more from a class discussion than from reading about a subject.
37. I remember the spelling of a word better if I see it written down than if someone spells it out loud.
38. Spelling and grammar rules make it hard for me to say what I want to in writing.
39. It makes it easier when I say the numbers of a problem to myself as I work it out.
40. I like to study with other people.
41. When the teachers say a number, I really don't understand it until I see it written down.
42. I understand what I have learned better when I am involved in making something for the subject.
43. Sometimes I say dumb things, but writing gives me time to correct myself.
44. I do well on test if they are about things I hear in class.
45. I can't think as well when I work with someone else as when I work alone.
